

Participating Ranches

All ranches are now broken out by ranch size, location, GMUs, and species in an [overview table](#).

The tables below are provided so hunters can quickly glance at the ranches enrolled by species & estimated minimum number of points to draw. Many ranches have multiple hunt codes and the estimated points needed to draw vary by hunt code, therefore a range of points is sometimes listed. Hunters can check point history by hunt code on the hunter recap sheets. For more information on each specific ranch, click on the ranch name.

ELK

Ranch Name	Points to Draw Bull or Either Sex	Points to Draw Cow	Hunter Success Bull or Either Sex	Hunter Success Cow
